MISSIONARIES TO THE GAMBIA  
God's Command. Our Mission.

May 2020

Dear Faithful Ministry Partners,

### Serving the Lord in Fearless Faith

In our last prayer letter back in March we wrote that we were praying for you during this pandemic of COVID-19. That fact has not changed. We are still praying for you, your family, and your church for health, safety, and wisdom as you serve the Lord and adjust to the changes to life and ministry where you are.

When this pandemic first started we decided to stay in Gambia unless the Lord directed us otherwise. Thankfully the virus has had very little impact here in terms of sickness and death, but has impacted daily life here much the same as it has for you. In the last few months there have been two flights that have left Gambia repatriating many American and Canadian citizens that were here. Most stores have opened back up here but restrictions still remain in place. While life has changed and will continue to change over the coming months, we are resting in our unchanging God who knows our needs and is working all things out for our good and His glory. (Psalm 34:8)

During the last few months, we have been delighted and thrilled to see our supporting churches respond in fearless faith. We know that it has not been easy for any of you, but we have seen you adapt, move forward, and trust God through it all. That fearless faith has been encouraging to us here on the mission field. We have not had one church stop or delay their financial support during this pandemic and for that we thank you for your faithfulness to us and ultimately your faithfulness to the Lord. We pray that God will continue to use this time in each of our lives to make us more like Christ and allow us to reach more people for Him.

### An Update From The Field

While the past few months have limited our ability to carry on normal routines of life and ministry, we have been busy preparing to start our ministry center/church this fall. I have been meeting with a Gambian believer on a bi-weekly basis going through discipleship with him as well as working on online material as well as social media material for reaching Gambians with the Gospel through online media. Please pray for two specific parts of the city that we are targeting in relation to where to start the Yaakaar Ju Sax (Living Hope) Center. Jambur and Busumbala are two towns that are near each other about a 30 minutes drive south from where we live. This is an area where not only other Christians in Gambia have encouraged us to consider starting a ministry where there is no Gospel presence but also it's an area that we already have some contacts in. Please pray for us as we seek to develop relations with people in these areas and that God would open the door to a building to rent or land to purchase there.
