

June 1, 2020

Dear Pastor and Church Family,

The past few months have been a roller coaster of emotions around here at BIBM. Back in March I was able to travel to LaGrange, KY with Adam and Brandie to visit Calvary Baptist Church. We had a great weekend there and were excited about getting home to a busy spring and summer at BIBM. We got home on Monday to a Stay at Home order from the governor. We were not sure what the next few weeks were going to look like, but we knew that we had missionaries that were counting on us to hold the ropes for them. Since then, we have been working like normal while taking the needed precautions at the office.

A few of our missionary families have been sick with the virus, but thankfully everyone has recovered. Others have been in severe lockdowns, but God has been so good and has shown himself to all of us during this crazy time! Support levels have stayed fairly stable and works have continued to go on! Praise the Lord!

I was so happy when things started to open again. Two weeks ago, the Crabtrees and I were able to make a trip to Florida to visit with my daughter and her family. My oldest granddaughter just graduated from West Coast Baptist College and will be moving to Maryland to take a teaching position there soon. We were able to spend some time with her before she leaves. We also were able to visit New Life Baptist Church in Leesburg, FL. It was so nice to be out again among God's people!

This July BIBM will be celebrating 25 years of serving missionaries around the world. I cannot believe how the time has flown by. It seems like yesterday that Jerry came home and told me of his vision to start the mission agency. God has blessed BIBM with 23 missionary families now and I am so excited to see what he will do in the next 25 years!

I want to thank you for your continued financial support, and ask that you continue to pray for me as well as all of our BIBM missionaries as we continue to serve our Lord together.

In Christ,
