Missionaries to Zambia, Africa

October 2020 Update

Zambia continues to reopen in the wake of COVID-19. Businesses, schools and colleges have reopened with increased focus on hygiene. Troy Christian Academy has also reopened. There are plans to open the Bible College soon as well. Immigration has also resumed issuing tourist visas again into Zambia. We are excited to see how the Lord continues to supply for ministry needs. Several projects have been able to be started in the ministry :

- additional boreholes to supply water for the growing ministry opportunities
- additional classroom has been started for the Bible college.
- funding for a new bush vehicle has also started well

Construction will begin soon on a food storage silo. This will allow the ministry the opportunity to purchase maize and store it to sell back into the community at the lower rate during the times of shortage. The ideal plan is for this to be a self-sustaining project. We praise the Lord for the provision to build the first one of these silos.

The school garden helps feed children .

God continues to use the church at the lake in great ways. There are plans for a new church plant in the nearby area. Recently, Frazier talked with me about his desire to reach young people with the gospel using soccer. We have been able to help him with soccer balls and soccer shoes to start this ministry. Please pray for him as he begins this ministry of reaching this dark area with the Good News of the Gospel.

There are many ways to be involved in the work if you are not able to personally come. Please see this link for projects that can help us reach more people with the gospel:

Bible College room addition

I mentioned Miseshi Baptist Church in a previous update. Thank you for praying for this church. We have been able to start rebuilding this church.

Recently, village members from an unreached area approached the ministry about the desire to have a church in their area. Our ministry partner along with a team visited the area. Please pray for souls to be saved and a new opportunity for a church to be planted.

God continues to bless our furlough with a full schedule. Please continue to pray for us as we travel and minister in churches. It is our desire to use this time to encourage churches in world evangelism. We are looking forward to returning to Zambia in late December.

Clean water reaches people with the gospel

We want to say “thank you” to everyone for their faithfulness in supporting the ministry in the time in which we live. God is doing a work in Zambia and around the world. Thank you for keeping world evangelism a priority!

As you pray for us...

Please keep the following in mind:

- Furlough travel and health
- Projects list
- The Bible College and training
- Souls saved and people to surrender to God’s call on their lives
- The power of God on our lives as we share the ministry
- The Christian School
- Our kids to see our love for God as we obey Him
- For the salvation of our younger children
