March 2, 2021

Dear Supporters and Praying Friends,

I pray this letter finds everyone doing well. We have a lot going on these days at the Fair Haven Home for Men, Inc. Building Project. The sheetrock is finished and is being taped and mudded. We will run the trim next and install door jams. After that is complete, the painting will start.

Morning Star Baptist Church got the paint for us. Pastor Young and Pastor Watson will be painting the building for us. First Baptist Church on Conestee is having the cabinets built and Welch Creek Baptist Church has purchased the materials for the cabinets. Brandon Baptist Tabernacle has purchased all the showers and will be buying the toilets and sinks. God has been so exceptionally good to us and has sent people to help us with each part of the building.

We are working extremely hard so we can be in our building this year and possibly by late summer or early fall. We are overly excited to see things come together like they have. Covid has slowed our progress down a great deal, but we are pressing on.

Caleb graduated on Sunday Morning and he will be going home to his wife and three children. We are excited to see Caleb grow in his local church and be a good dad and loving husband.

Terry is back with us. I got a call from an attorney in Florida that said that Terry wanted to come to our program and receive help here. My wife and I drove from St. Stephen to Panama City, FL. We picked up Terry and brought him back to the ministry. Pray for Terry that he would receive the help he needs.

Darren is still here working every day. We are now trying to get Darren's drivers license which is a major task. Darren has not had a drivers license in 17 years. He is doing great and his employer has great things to say about his work.

Stephen is still here and he is working every day. He has saved his money and bought a car. He is soon to be moving to a house or apartment and venture out on his own. His employer also has great things to say about him. Stephen has done very well with us. Stephen and Darren are a great help to the other men in our program.

We had several in the past two weeks send applications and then never show up. This is the sad part about addictions. If they could get here they may get the help they need, but I can't help those that don't come.

- Almost 21 million Americans have at least one addiction, yet only 10% of them receive treatment.
- Drug overdose deaths have more than tripled since 1990.

Love in Christ,

Bro. Jeff Krontz
