Dear prayer partners, Supporters and Friends.

Greetings to you in the Name of Our Lord and Savior Jesus Christ.

We in St Lucia continue to observe vivid 19 protocol such as wearing of masks, hand sanitizing, and six feet distancing, everywhere we go including Church. At one time only twenty five people were allowed in church including Church officers.

CHURCH

Many times we had to close our doors and did not assemble together.

We give praise and thanks to God for the powers that be have allowed Churches to reopen based on the size of the church at six square feet per person each sitting at six square feet per person.

Church attendance has decreased greatly for many worshippers and visitors do not attend as before, however we thank the Lord that many are still in Church hearing the Word and praising the Lord.

The volcano in St Vincent, an Island very close to St Lucia, has been erupting sending ash and stones in St Vincent, ash in St Lucia and also in Barbados. We have had to clean ash in my home and also in the Faith Baptist Church in Corinth St Lucia.

My wife is recovering from blocked lungs which almost took her life. Please pray for her recovery. Doctor says that she will be on medication for a very long time.

People call me at all times for prayer and counseling for many people can't cope with death of loved ones, loss of jobs, and other stressful situations.

We continue to preach and teach and give comfort and strength to our people, through regular Church services, Facebook, and YouTube, and the telephone.

I am thanking you for your deepest concerns, prayers, and your financial support for many of our people have lost their jobs due to covid-19. St Lucia is a tourist attractions and destination. Tourism is my countrys largest income generator, and with people not traveling many hotels are closed.

Please remember my family in your prayers, and thank you again and again.

Thankfully yours in Christ

Emmanuel Charles
