“But we trusted...” Luke 24:21

Here we find the disciples that had walked with Christ daily, now finding themselves in a state of disappointment and discouragement. The keyword is “trusted” being in the past tense. They had put their trust in Christ while they were in His presence but now they felt let down and doubted the teachings of Christ & the prophets. “Hope deferred makes the heart sick” Prov. 13:12. We too can become discouraged & spiritually sick if our “trust” does not continue in our present state. Christ rebuked them by calling them “fools and slow of heart” in verse 25. This challenges us to continue trusting in the promises of His Word no matter how discouraging times may become. In verse 27, Christ took the disciples back in the scripture going all the way back to Moses. In other words, He had to refresh them in the scriptures to bring them to a present faith & trust once again. After communing with Christ, the disciples “worshipped Him, and returned to Jerusalem with great joy” in verse 52. May we find our renewed TRUST and faith in times of weakness & discouragement by fleeing to the Word of God in order to avoid the perplexities that often entangle us.

Praise the Lord for those who have been saved recently as a result of the ministry.

Kartika, was brought up as a Hindu, which is the third largest religion in the world & teaches the continuous cycle of life in death & reincarnation. How astounding that God can bring her out of darkness into the light of salvation. Kartika immigrated into Canada with her family when she was 14 yrs. old. She was so thrilled to hear how she could have her sins forgiven & we’ve never seen anyone so happy to receive a bible which was the very first bible she had ever received. She is living proof of your faithful giving & supplying bibles & literature for the street ministry.

Balock, from Pakistan but raised in Canada but yet never heard the gospel until he heard the gospel on the street as he passed by on his way home from work each Friday. He jeered at first but the Word of God began to break him as he passed by each week. He now testifies that as he was walking down the street, he strangely felt that God was speaking to his heart through the message of the preacher. As he listened, his heart was opened to receiving the gospel of Jesus Christ. He wept bitterly & his tears became sweet as his heart was filled with joy & peace. What an honor it is to be God’s servant to stand in the gap & represent you with the Word of God.

Intan, is from Malaysia, having a Chinese, Muslim background. By law, she must remain a Muslim, the religion of the federation. She knew there was something missing in her heart since her teenage yrs. & she yearned to know the true & living God. God brought her all the way to Canada in order to hear the pure gospel of the grace of God. Beloved, many times we cannot go to these countries, but God is bringing them to us in the western world. We need to be ready to receive them as they migrate into Canada, presenting Jesus Christ to them, that they may be saved. Thank you for allowing us to be your missionaries.

Carmen & Sarvan, have both been called by God to be missionaries to their own countries. We are so excited that Carmen is returning to his home, Italy as a missionary. He & I have preached together on the streets & have had the opportunity to lead souls to Christ. He is full of wisdom & very bold. We know God will greatly use his great burden to win souls in Italy. He has already left for Italy with little financial support so please pray that God will meet his needs. Sarvan is another precious soul that immigrated to Canada from India. He is a medical doctor of medicine & very intelligent. We have had the joy of meeting him on the street, discipled & see God call him into the ministry. Now he is returning to India to preach the gospel. Please pray for his safety where his life will be threatened.

Beloved, while out there on the streets, God breaks my heart as I see these precious souls take these bibles & tracts & embrace tightly to their chest. You can see their deep appreciation to have a copy of the guarantee of their salvation. Bless the Lord! **A number of you have inquired about the cost of purchasing several thousands of Chick Tracts and bibles. They are expensive but are the tracts that are received best by the people here. We give out four to five thousand per month. It costs \$688.00 for 3,000 tracts. If you can help, please contact me. We also need bibles and large print bibles. God bless you for your faithfulness to this ministry!**

Because of Calvary,

John & Deborah Caudle
